**CAMPING MARINA DI VENEZIA,
CAVALLINO-TREPORTI, ITALY**

Left: View on courtyard. | Right: Ground floor plan.

Matteo Thun & Partners have designed the master plan for the renowned camping near Venice. A group of small patio houses called garden villas offer a contemporary interpretation of cabins, providing both comfort and close contact with nature. Each garden villa comprises a courtyard with a terrace, a lawn and the original pine trees. Two bedrooms and a bathroom are situated on one side of the garden.

The open courtyard space draws an abundance of light into the interior and offers an easily accessible, green space in which to relax and enjoy the sun. The arrangement of the cabins offers a balance between privacy and openness, with the courtyards providing an abundance of outdoor space. The design blurs the boundaries between inside and outside, emphasizing the close proximity of nature.
