„Botanica“ – Susanne Thun for Strolz

Botanica table lamp shades
Design Susanne Thun

Brass burnished / paper parchment

Fern, lemon verbena, larkspur or geranium - in her collection Botanica, Susanne Thun turns plants and grasses into protagonists. Pressed between two layers of pure paper parchment, the treasures of nature come to light. A contrasting golden woven ribbon inspires memories of flowering meadows. For the designer, living in Milan and in the Swiss mountains with roots in Vorarlberg, the designs represent childhood pictures, summer holidays, hikes and walks. Combined with the restrained design of the hand-crafted, burnished brass base, Botanica sets a fresh accent.

The lampshades go with individual bases or with the bases of BRERA designed by Matteo Thun and Antonio Rodriguez.
