

Chiavarina Collection for Matteo Thun Atelier

Special edition Nudes - reduce to the max

© Marco Bertolini

Four chairs encapsulating lightness, purity and timelessness.
Each 100% handmade by Fratelli Levaggi in Liguria.

The chairs' fabrication cannot be automated; they are beyond the feasibility of digital or machine making. The craftsman's skilled hands – their sensitivity towards material and form – are crucial to its grace. If hands know what they are doing, they are a great source. With time, dedication and experience, they contribute to conjure up the simple words: handmade in Italy. "Please, don't order so many," asked Paolo Levaggi when we made our first order many years ago. The fisherman's chair became the exemplar. Thanks to the fruitful dialogue with the Ligurian artisans, each of the four pieces exactly matching our needs. We now understand that craftsmanship requires time. So, a friendship was formed.

The seating collection is exclusively produced and distributed by Fratelli Levaggi www.levaggisedie.it.
